The exciting part about giving me your opinion of the box is knowing when purchased individually the products cost \$245.00, when you take home a NEW BOX the cost is only \$205, isn't that exciting!!! Comparable Skin Care Lines such as this range from one at Nordstrom for \$500 and Lancôme is over \$700...this is a great deal wouldn't you agree...

One last thing, when you decide to start with the luxury box for just \$205.00 you get to choose \$25 in FREE products!!

Is there any reason why you wouldn't like to take a TimeWise Repair Set home today? _____

If you loved this product and you were somewhat interested in this business, would you like more information and to receive a ½ price coupon on your first reorder of a single item? _____

Last but not least you are entitled to a follow up Color Appointment as well...would you prefer I come to you or would you like to come to me? _____
